

# Géotechnique

The world's premier geotechnics journal, publishing since 1948

## CHAIR AND HONORARY EDITOR

Matthew Coop, University College London, UK

Established in 1948, *Géotechnique* is the world's premier geotechnics journal, publishing research of the highest quality on all aspects of geotechnical engineering. *Géotechnique* provides access to rigorously refereed, current, innovative and authoritative research and practical papers, across the fields of soil and rock mechanics, engineering geology and environmental geotechnics.

This is a hybrid, Plan S compliant journal with an option to publish fully open access.

The paper judged to be the best each year is awarded the **Geotechnical Research Medal**.
